Business Updates

Dear client,

I hope that this newsletter finds you well and safe.

Three months have passed since the outbreak of COVID-19 in Malta and our businesses have adapted to the changes that we had to face while also providing new services to help you in any way to ensure that your business keeps running in an efficient way.

In the past weeks, [Accounting Services Ltd](#) assisted you in applying for Government schemes such as the investments related to teleworking, mandatory quarantine leave, wage supplements as well as tax deferrals, which was relevant to all businesses in any sector. It also started offering packages to both part time and full time [self-employed](#) individuals by handling all their personal administration needs such as bookkeeping and VAT returns. Meanwhile, Fairwinds Management Limited came up with an [employee voluntary salary reduction plan](#), providing solutions to businesses that were facing and are still facing financial instability. As a Group of Companies, we do our outmost to adapt by being flexible according to the situations we face while still being focused, dedicated and committed to bring your needs ahead of our companies' needs.

On a company's level, the situation that COVID-19 has brought on us was also a learning curve on how to adapt to new scenarios while keeping the health of our employees top priority – teleworking measures have been taken, leading to a new way of team meetings that had to be done online, meeting clients virtually, while also postponing/cancelling some of the activities that we had planned for the team but couldn't be carried out due to social distancing measures.

Moving forward, July will be another milestone for our two major companies, Fairwinds Management Limited and Accounting Services Ltd, as it will be their 7th year since they have been both established in 2013.

Sincerely,

Dr Adrian Sciberras, FCCA, MIA, CPA, LL.B.(Hons)(Melit.), M. Adv (Melit.)

Chairman, [Business Concept International plc](#)
