## Great things happening at BCI plc!

Dear client,

A lot has happened since our last communication in March. It has been an exciting period for Fairwinds Management Limited, particularly with the launch of the new logo, for which we received a lot of positive feedback, as well as the appointment of Joceline Caruana as a new Director who since joining the company back in 2014, has been instrumental in growing Fairwinds Management and its team. Once again, we take this opportunity to congratulate Joceline for this well-deserved achievement in her career.

Now looking ahead, we are looking forward to next month during which our two major companies, Accounting Services Ltd and Fairwinds Management Limited will be celebrating their 6th anniversary since their incorporation. Fairwinds Management 6th anniversary also coincides with the very recent rebranding of the company's identity that is part of its ongoing evolution. These achievements would not have been possible without your support by choosing our companies to handle the services that you or your business needs. We are ever grateful for trusting us and our services.

We would also like to announce that once again we are providing directorship services for Malta companies, thus offering management and control solutions in Malta for trading companies. If you would more information about these services do not hesitate to contact us.

Two weeks ago, on 23rd and 24th May, Fairwinds Management Limited was one of the exhibitors at the Malta A.I. & Blockchain Summit, held at Hilton, St. Julian's. It was great to be part of this activity during which we had the opportunity to meet up with individuals and companies looking for solutions to kick start a new business in Malta.

Admin Genie Ltd has proved to be another efficient and trustworthy company that forms part of BCI plc. I opted for Admin Genie services as I needed to submit residence card applications and had already worked with its partner company, Accounting Services Ltd ... The staff is highly professional and knowledgeable, and made the application process much easier as they led me step by step through the required procedure smoothly.
