Mr Meli has been active in the accounting field for more than 13 years, starting as a Junior Accounts Executive, eventually joining Accounting Services Ltd in 2016 as an Accountant. Based on his knowledge and experience, he was later named Team Manager and, now, a Director.

Congratulating Mr Meli on his appointment, the Board of Directors described him as “an influential individual within our group”, noting that he was instrumental in managing the accounting team and reaching targets at Accounting Services Ltd. “We are glad to have him as one of the Executive Directors within the Business Concept International plc Group of Companies,” it said.

Mr Meli said: “This is a proud moment because it is the result of the effort and hard work carried out during the past four years. Right from the start I felt that the management had entrusted me with important roles within the firm and I am glad that my contribution has helped the firm to grow. As a newly appointed director, I want to ensure a continuous improvement of the company.”

Mr Meli will be joining his fellow colleague and Director, Joceline Caruana, who was appointed Director of Accounting Services Ltd last year.

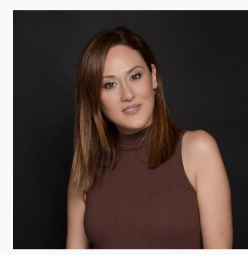

Accounting Services Ltd offers professional services such as accountancy, consultancy, tax advisory and corporate services.
