News from your Corporate Services Provider

Few weeks ago, we had the honour of hosting Dr. Chris Fearne at our premises. Welcoming such a distinguished guest was truly enriching, allowing us to showcase our office environment and introduce him to our dedicated team members.

We are grateful for the support extended to us through the Digitalise Your Business Scheme, made possible by EU funding. This funding has been instrumental in driving our journey towards digital transformation, empowering us to embrace innovative technologies and enhance our operations. Through this initiative, we've been able to adapt to the evolving digital landscape and positioning ourselves for sustained growth and success.

The Digitalise Your Business Scheme is designed to assist businesses like Fairwinds Management by providing non-repayable grants to finance investments in digitalisation. These investments aim to improve resilience, efficiency, productivity, and customer experience through the adoption of digital capabilities and processes.

At Fairwinds Management, our team of accountants and grant specialists is dedicated to assisting you, our clients, in securing grants through various avenues. We offer comprehensive support, from identifying the right grant opportunities to managing all preparatory tasks, documentation, business planning, and budgeting.
